EHS Heat Pumps

Online Training Modules

The new EHS installation training modules can be taken as an alternative to the current webinar based EHS tech integration courses and is relevant for both GEN 6 and HTQ models

All modules have to be done in the correct order and the system will not allow any navigation around completing them in the correct order. Once the modules are completed, the knowledge check must be passed for the installer to benefit from being able to offer a 7 year warranty on Samsung EHS Heat Pumps.

- EHS Installation Training- Module 1, Introduction
- EHS Installation Training- Module 2, Installation considerations
- EHS Installation Training- Module 3, Installation
- EHS Installation Training- Module 4, Wiring
- EHS Installation Training- Module 5, Commissioning
